Calendar Disclaimer: We make this stuff up a year or 2 ahead of time so always re-confirm dates, times and events. Some events are hosted by third parties like a dive club or charity organization and may be out of our control or just plain out of control. See us for details on all sales, sometimes we even throw in bigger discounts without saying anything about it. After reading this you must join us for at least 6 events or forward this calendar to at least 6 friends everyone who reads it must print it out and hang it up on their fridge or hang it up on the bulletin board at work or or else....we would have done all this work for nothing and another year will fly by and you will have missed out on all of the fun. That's a bummer we just don't need.
